Sports Turf Bluegrass

Our Sports Blue is the foundation for a great playing surface with exceptional durability, recuperative potential, and aggressiveness. The best athletic fields start with the hardest grass. Our blend is specifically formulated for the challenges of high-traffic athletic fields and the challenging Colorado climate. When the conditions aren't forgiving, our Sports Blue is. Our Sports Blue is 100% Kentucky bluegrass with rapidly repairing rhizomes fighting the rigors of overplayed sports surfaces.

Features:

- Good rich, green color
- Great durability
- Medium texture
- Unsurpassed recuperative ability
- Great wear tolerance
- Vigorous rhizome activity to help repair damage caused by drought, or traffic
- Tolerates a varying range of mowing heights from just over .5" to 4"
- Great consistent playability
- Good disease resistance
